"Bounce to Disk"

Saving your music as a WAV file for an assignment or personal use

- Go to File – Bounce – Disk
- In the Dialog box select from drop-down menus
  - Main Output L/R
  - WAV
  - Interleaved
  - 16 Bit
  - 44.1 kHz
  - Best
  - None
  - "Convert After Bounce"
  - Then select Bounce – you can listen while it is converting to the audio file.
- Save the file to the desktop with your name and assignment number
- Drag and drop the file to the K-Drive – Teachers – IC18 – Completed Assignments – EMC Fall 2014 Completed Assignment and the Assignment number folder.
